HibbardHomes

Everyday Luxury Signature Inclusions

We believe that everyday luxury shouldn't be an optional extra. That's why at Hibbard Homes we pack our Signature Range Home Designs with features that make them comfortable, stylish, and ready for you to move in and enjoy.

With our dedicated Australian suppliers, it's just the way we build.

Building Experience In Decades

With 58 years and four generations of family building experience, our legacy guarantees refined craftsmanship and proven stability. When you build with us, our family's reputation is built into your home, giving you complete peace of mind that you are in the most trusted and experienced hands.

HIA Member for 40+ Years

Backed by our proud standing with the Housing Industry Association (HIA), our enduring membership reflects an unwavering dedication to Australia's highest building standards. It ensures your new home is consistently constructed with rigorous quality control and uncompromising professionalism from start to finish.

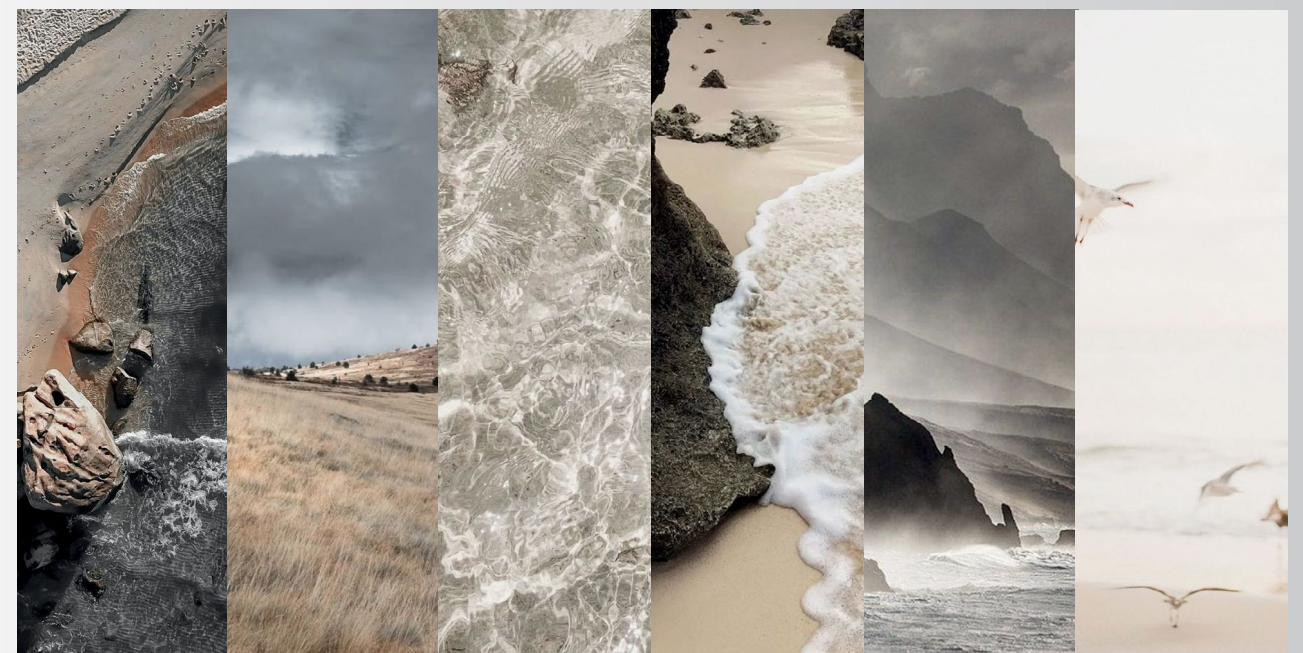

Photography depicts items such as homewares and furniture not supplied by Hibbard Homes.

Colour Selections **Expertly Crafted**

When you choose a Hibbard's house and land package, every colour is expertly pre-selected for you. Inspired by the rich palettes of Australia's natural landscapes, these curated schemes ensure your home effortlessly reflects and enhances its setting. Alternatively, when you choose to build with us on your own land, you'll partner directly with our expert colour consultant to bring your unique vision to life, ensuring every detail is a perfect reflection of your personal style.

Colours shown are representative of Hibbard Homes colour selection schemes. When purchasing a Hibbard Home already in production these colours have been preselected and cannot be altered. Whilst every effort has been made to ensure these colour samples display as accurately as possible, the samples should be considered as indicative only due to device screen settings, print production and ambient light present when viewing.

Exteriors

Built to stand the test of Time

The Australian climate is famously unforgiving, demanding building materials that can withstand blistering summer heat, intense UV rays, driving rain, and unpredictable coastal winds.

To ensure your home is protected against these extremes, we are proudly partnered with some of Australia's most trusted building suppliers, such as Petrie's Mitre 10 and an extensive network of Australian-owned and operated partners. Because these industry leaders develop their products specifically for our local conditions, they inherently understand our unique environmental challenges.

This ensures that every exterior component of your home is rigorously tested and engineered for maximum resilience, keeping your home secure, structurally sound, and beautiful for decades to come.

Living Essentials

Master Retreat

With Ensuite & Robe

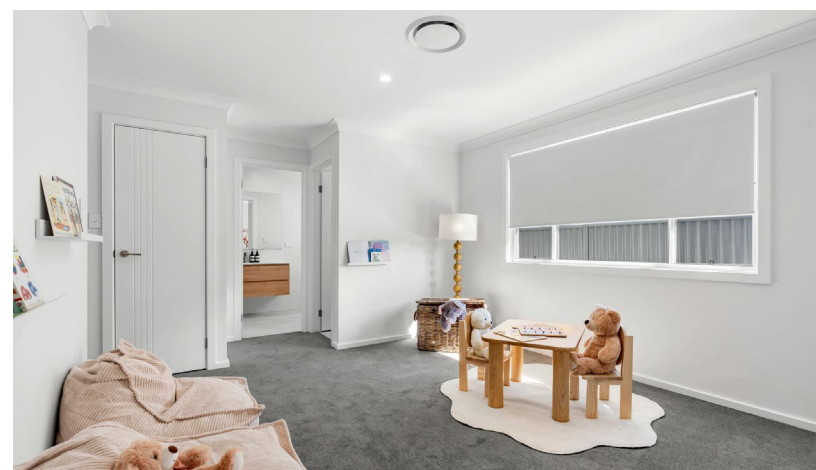

Experience the ultimate in everyday luxury within a master retreat meticulously designed for pure comfort. Serving as a peaceful oasis away from the rest of the home, this space is defined by its sleek, contemporary ensuite, offering a spa-like atmosphere to start and end your day. Accompanied by a generously proportioned walk-in robe (design specific) that provides seamless organisation, every detail has been considered to elevate your lifestyle. Striking the ideal balance between modern style and quiet serenity, this secluded retreat is a dedicated space made exclusively for you.

Large Bedrooms

With Built in Robes

Step into beautifully scaled bedrooms where generous proportions meet exceptionally smart design. Crafted to provide a tranquil environment for family members or guests, these rooms offer the perfect harmony of supreme comfort and refined functionality. Enhancing the overall sense of space and natural light, the integrated built-in wardrobes are finished with elegant mirrored sliding doors. These expansive storage solutions are designed to seamlessly hide away life's everyday essentials, keeping your home looking impeccably organized and effortlessly stylish.

Climate Control

Panasonic ducted Reverse Cycle

Experience year-round comfort in style with a premium 12kw Panasonic fully ducted heating and cooling system. Zone controlled by room, seamlessly delivering climate control to all living areas and bedrooms for the ultimate in modern luxury living.

Windows & Sliding Doors

Our expansive Southern Star windows and sliding doors feature durable fibreglass mesh screens. This allows you to effortlessly open your home to fresh, natural airflow with the peace of mind that unwanted pests stay outside.

Living Grand & Fully Finished

Elevated Style

Grand Entry Door & Ceiling Height

Higher ceilings of 2440mm as standard with larger internal doors and hallways (home design specific) create a feeling of spaciousness and grandeur.

Style meets security at your front door. The oversized 1200mm wide entrance (home design specific) adds a touch of elegance and practicality, making moving in, welcoming guests, or bringing in groceries effortless.

Driveway & Landscaping

Included as Standard

Step into your new life with everything already in place. A driveway and porch pathway invite you home, while lush turf stretches across both your front and backyards — ready for play, relaxation, or family gatherings. A landscaped front garden bed adds the finishing touch, giving your home a fresh, welcoming look from day one complete with a colour selected letterbox to compliment your home.

Family Ready

Tiled Alfresco & Fully Fenced Yard

Designed for the way families live today, your tiled alfresco creates the ideal spot for entertaining friends or enjoying quiet evenings outdoors.

With a fully fenced yard, you'll have the privacy and security to make the most of your outdoor spaces.
